

VENTURA COUNTY CORVAIRS PRESENTS SUNDAY MAY 27TH 2012

AUTOX

Since 2001 Ventura County Corvairs (Chapter 931 of the Corvair Society of America) has been hosting Autocross events at the Camarillo Airport. We will be hosting an open event for all make and models of automobiles.

What is AutoX?: Autocross is a low to medium speed (max speeds of 60-70 mph) racing event in which participants (individually) run a course marked by cones for time. A very safe form of racing that is very easy on the car. Search YouTube for "AutoX" or "Autocross" for examples.

All vehicles must have good brakes, battery hold-downs, and seat belts.
Helmet Required. (Loaners Available).

- At least 6 electronically timed runs per driver (more likely).
- This is a drive and work event. All drivers will be scheduled track jobs.
- Event is limited to the first 60 drivers registered!
- Advance prepaid entry guarantees spot on race day, \$60/driver with catered lunch included!

Camarillo Airport: Hwy 101, exit Las Posas Rd, to Pleasant Valley Rd (right), to Airport Way, follow the posted signs (Camarillo is 45 miles west of Burbank, 45 miles southeast of Santa Barbara)

Registration/Tech Inspection: 7:00 - 8:30am (it is highly suggested you arrive early)

Racing Starts: 8:30am, cars will remain gridded and groups will cycle multiple times.

Ventura County Corvairs CORSA Chapter #931, brings the safe and exciting driving sport of Autocross back to Ventura County since 2001. The course on the spacious Camarillo Airport unused runway will test both novice and veteran drivers and their cars.

Entry Fee: \$60 (\$55 to current CORSA members)

Questions: Contact Tim Chew at service@topcatauto.com

Catered Lunch Provided! **Spectators Welcome!** (lunch available for \$12)
