

FOR SALE

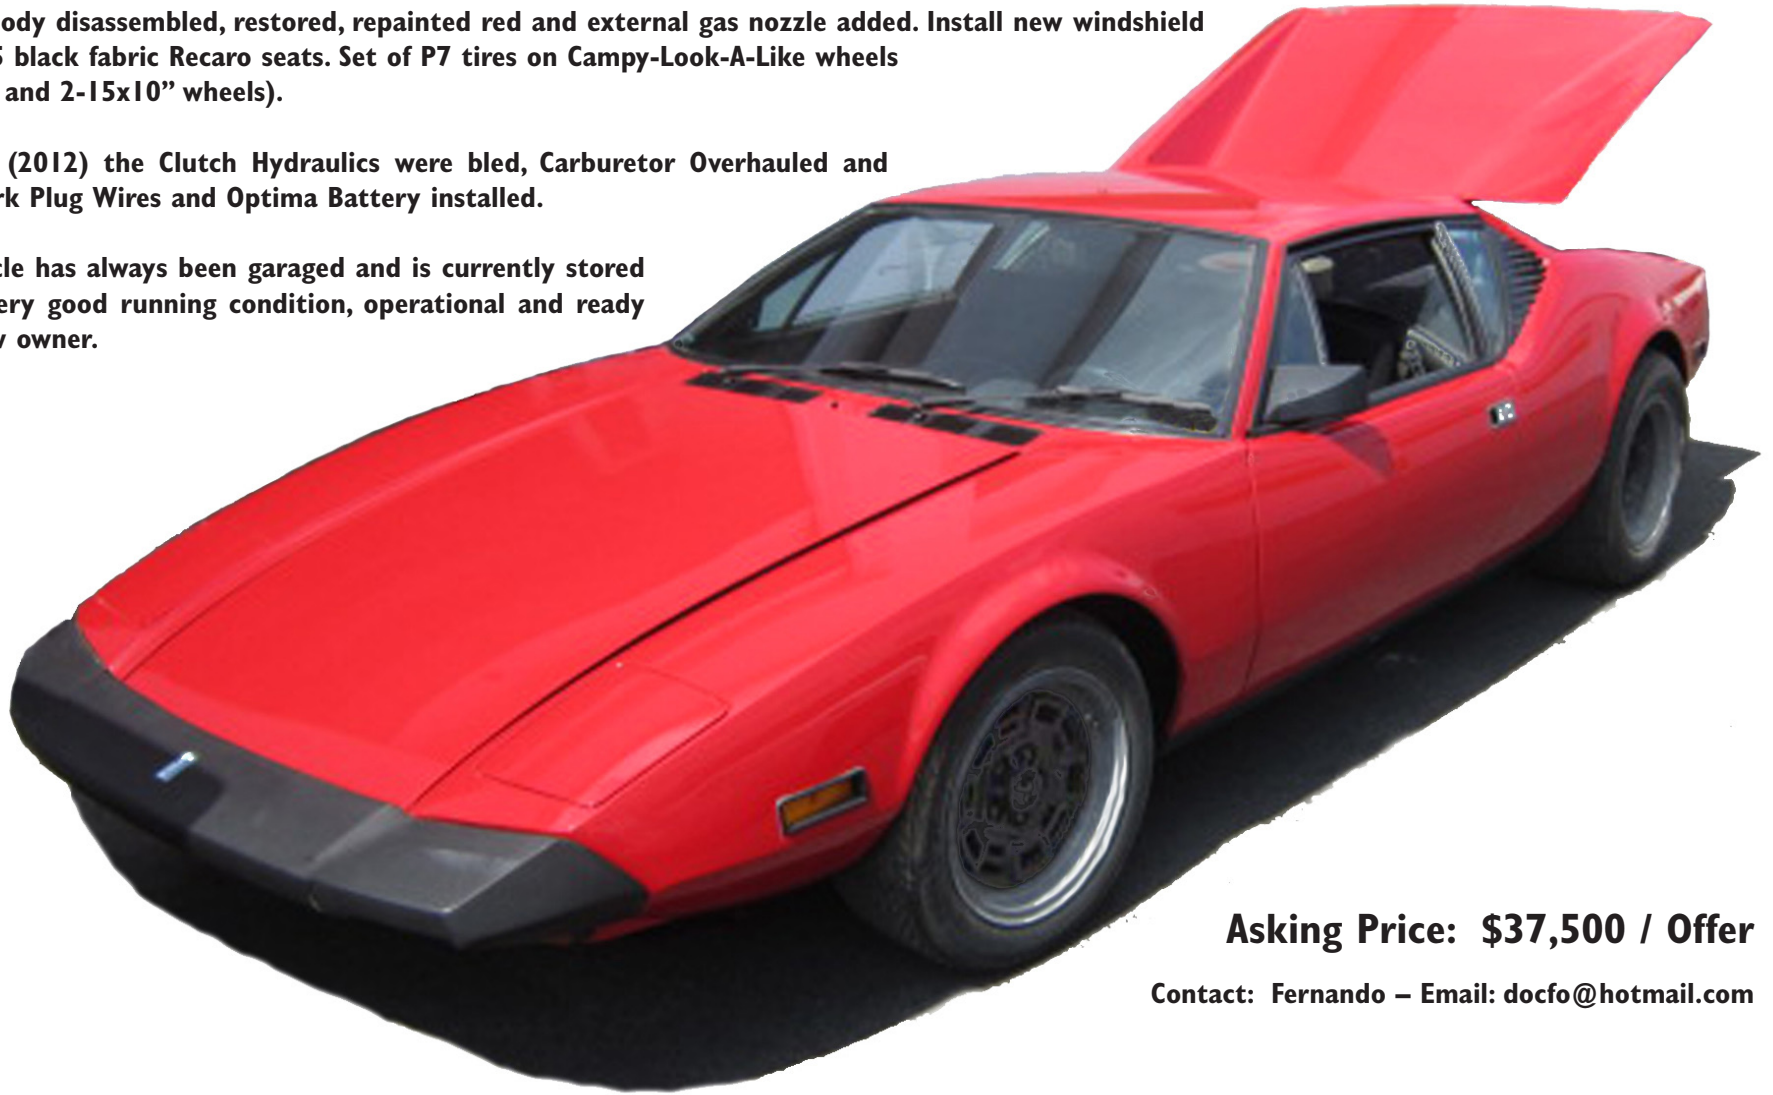

Pantera with post-1972 wrap bumpers and pre-1972 dash. All major work done by Dennis Quella and his team at Pantera Performance (Castle Rock, Colorado).

Performance: Balanced and blueprinted Boss 351 (11.7 Boss short block) with high performance cam, lifters, seals. Boss manifold with 4-barrell Holley carburetor (approx: 400HP). New 10 quart oil pan, new clutch assembly, High performance GTS Exhaust System and enhanced cooling system with Super Fan Kit. Modified shift and steering linkage for superior drivability. Full 4 corner suspension restoration with updated components and racing brake system with enhanced hydraulics and larger brake disks.

Looks: Body disassembled, restored, repainted red and external gas nozzle added. Install new windshield and 1985 black fabric Recaro seats. Set of P7 tires on Campy-Look-A-Like wheels (2-15x8" and 2-15x10" wheels).

Recently (2012) the Clutch Hydraulics were bled, Carburetor Overhauled and New Spark Plug Wires and Optima Battery installed.

The Vehicle has always been garaged and is currently stored and in very good running condition, operational and ready for a new owner.

Asking Price: \$37,500 / Offer
